SHISHIR BETHARIA

FOUNDER, GROUP HEAD

Shishir Betharia Group, always up to date with market trends, offers a complete range of high quality floor and wall products, able to meet and anticipate any aesthetic and technical need.

OUR COMPANIES

Picasso, the brainchild of Mr. Shishir Betharia, established in the year 1992, was at a time when India was experiencing its breakthrough in the field of ceramics.

It's during this window of opportunity that our founder decided to make his mark in the industry, as well as pave the way for others to follow.

Inspired by the much-celebrated 19th century painter, sculptor, and ceramist; Pablo Picasso, our logo represents the stroke of his brush.

We started out as an import business for new-age machineries in the ceramics industry, and transformed into a full-fledged importer of European ceramic tiles.

Today, Picasso imports and distributes European ceramic tiles pan-India, in addition to exporting other ceramic tiles overseas.

For over a decade Picasso has been a large exporter of tiles in the UK, with a specialization in foreign standard production, management of orders and business decorums.

The growing demand of space solution providers and our expertise in the field of the ceramics, led to the birth of Shishir Betharia Project Solutions.

SBPS was set-up in 2007 to help facilitate our client's experience with us in its entirety. Using our artsy vision and technical expertise on the subject of ceramics, we aim to provide every client with the finishing solutions they need.

Through the passion and vision of Kshitij Betharia, he was inspired to take on something interesting and challenging. And thus in 2018, Klay Store was born.

Playing with the fact that all our offerings are made out of clay, we came up with a quirky name for our business – Klay Store. Our store, spanning over 1400 Sq Ft, showcases 500 variants of tiles in different style, colors and sizes to meet every demand of our customers.

We aim to acquaint our customers with the latest trends of the ceramics industry, and provide them with higher quality alternatives for their living spaces.

The background is a soft, watercolor-style floral pattern. It features various botanical elements in muted colors: clusters of small red and orange flowers, green leaves, and blue-grey foliage. The overall aesthetic is delicate and artistic, typical of early 20th-century decorative arts.
